701 Harrison St, Allentown, PA, 18103 | 484-426-1415 | [LinkedIn](#) | [Github](#) | [Portfolio](#) | [Email](#)

Motivated Software Engineer who brings a creative and solution-driven mindset to every team and project. Passionate about writing clean code and always willing to learn more and grow as a developer. Approaches all new projects with the priorities of simplicity and functionality.

Experience

Freelance Full Stack Web Developer

July 2022 - Present

Excel spreadsheet converter website

- Developing a mobile responsive eCommerce website, where users are able to convert excel sheets and search information from the excel sheet data which will appropriately be displayed on a table.
- Users will be able Login/signup to purchase licenses from the site to use the excel sheet converter.
- Created and styled the pages for the converter website using CSS and bootstrap.
- Connected the front end to the back end using an API that was provided, converted the JSON data, and display all information from the data into a table.
